To Whom it may concern,

This letter is in reference to the Pumice Pit, near Milford, Utah. Mine # S010029. Mine name PUMICE PIT - ML 18847. This mine is currently inactive and has been inactive since Fall of 1998. Reclamation work has been completed and seeded. There was one field inspection, in 1999, made by a representative from the division of Oil, Gas and Mining and myself. The conclusion was to allow the seeding more time for seeds to germinate, and reestablish vegetation on the reclaimed site.

I am requesting at this time, another field inspection be made in the Spring of 2001. Please notify me prior to that inspection, so that I or someone from Sunroc, may be present.

Thank You,

Dana A. Truman
